Six Unknown Named Agents, 403 U.S. 388 (1971) & First Amendment retaliation claim by conspiring to Putting Human Body Parts in hamburger Ethanol Gas and Human Hearts in Nuclear Fuel, Social Security refuse to file all people documents so Social Security Fabricate all Evidence to maliciously false arrest people murder People in Jaills. 2024 Social Security said that Adam threaten people in Social Security Office ban Adam when Adam has only been in an SSA Office one time in 12 years.

Adam Strege Alleges this Lawsuit the Federal District Court has Jurisdiction 28 U.S. Code§ 1345, § 1343 , 28 U.S§ 1343, 28 U.S. Code§ 1348

Jury Demand Adam Strege request Court Order the Defendants pay 20 Million Dollars compensatory and Putative damages payee to Adam Strege and make it so all USA banks can Verify Adam Strege safe to go Outside and Adam allowed to File Documents with Social Security should stop fabricating evidence to maliciously False arrest Millions People.

By Federal Law Social Security is supposed to have administrative remedies exhausted before file a Law Suit against Social Security in Federal Court.

Adam Strege USPS Mail Social Security estimated 300 Form SSA-437-BK with zero response and Adam file 400 OIG Complaints with zero response.

Adam USPS Mail \$90 Dollars with Social Security FOIA Request Forms requesting SSA Medical Records receiving no Medical Records

The Grand Rapids Michigan Social Security Law Judge office had the Puerto Rico FBI arrest Adam 450 days fore making a Phone Call requesting an SSA-ALJ Court Hearing all Phone calls are recorded there zero Phone Calls in the Court Record the Federal Judge Dismiss all Charges the DC Supreme Court twice remanded the Case to the Lower Court

Verry First SSA SSDI benefit Application SSA refuse to File all People documents to fabricate evidence to Maliciously False Arrest people collect zero Benefits in Prison cost \$50,000 a year per Prisoner murdered in Jail not reported Dead so BOP and SSA collect Dead peoples benefits 30 years so SSA can make Millions Dollars by False arresting 1 person in America has 4% Earth Population and 20% all Earth Criminals there 80 Million Refugees in the World trying to escape Government Persecution all People that Complain about the Government SSA refuse to file all there documents so SSA fabricate evidence to false imprison

Adam had a Mayo Clinic Documented traumatic brain Injury Workers Compensation Case then 2 years later Social Security determines Adam

disabled so need the SSA determination of what the Disability and Medical Records to Reopen the work comp case the MN Supreme Court heard Oral Argument May 7th 2024

Very First time walking into an SSA Office with very first SSA – SSDI application SSA refuses to file the very first application and SSA says you can 100% never file a Document and 100% never see the record the rest of your life

Adam very first SSA application attached an DC Supreme Court lawsuit that Adam employer murder 6 congressman was dismissed on Claim preclusion the federal Judges many times wrote murder Congressman and Genocide did not state a Claim

The 100% only Reason Adam could not work was Because of Police Harassment after filling the Federal lawsuit and 30 Years the Federal Government try to Maliciously false arrest Adam

DC Supreme Court lawsuit that Adam mom murder congressman sell 4 years old Girls fore sex, sells Heroin and Mom never work collect food stamps welfare mom SSA make Payee

Adam made \$2000 Dollars a Week Working as a Journeyman Carpenter Forman on Million Square Foot Jobs and SSA make the Mom Payee 100% never Work

Social Security awarded Adam SSDI Benefits to His mom stole \$100,000 Dollars from Adam Strege

Receiving SSDI Adam owned 10 Acres of Land and had \$60,000 Dollars Cash and an 800 Credit Score qualify to Purchase a \$150,000 House 15 years ago mite be worth a Million Today and Invest the money would have doubled in 15 years

All People with Payee Credit Score goes to zero then Adam credit score is 780 rite now and 15 years no Bank can verify to open new bank accounts and credit card purchase declined Play Stock market 5 years then TD Schwab

make a Business decision to close the account and no broker can verify you to Open and new Account making it imposible to Trade in a Simulator

Banks rob \$100,000 Dollars From Adam and 50 bank lawyers say its Imposable to Comprehend so SSA should not give people Payees because all People have zero rights in Court 100% nobody can sue a Payee

Receiving SSDI the Police say they cant comprehend your words and arrest people fore doing 100% nothing wrong so Adam became a Refugee 5 years moving to a New Country every 90 Days all banks 1-800 numbers need International Long Distance Cell Phone cost \$5000 a Year and 10% ATM Fees and Investment Accounts Closed with no USA Adress often imposable to Invest money so Adam need a real Payee and requested by Email the Chile Embassy mail and SSA-SSDI benefit letter notarized to Get Residency so unauthorized SSA change the Mailing address to Chile so mail 30 letters to change the Adress back to USA and SSA never respond and Terminate Benefits forcing Adam to return to USA the Grand rapids SSA Laws Judge had the FBI arrest Adam 450 Days

Adam has zero Medical records to put Adam in Prison then SSA Admirative Law Judge has Adam arrested to do a Psychological Exam created reasonable cause to do more exams the Police and FBI can easily false arrest Adam the rest of his life its 100% never safe to go outside

Social Security made it so you can 100% never work again so send 30 Million Emails
